Annular cutter made of HSS-XE special steel  
• Karnasch Silver-Line annular cutters are excellent universal drills.  
• Made of high-alloyed HSS-XE special steel. For extreme hardness at the tip of the tooth [up to 68 HRC]. This guarantees a high wear resistance and lifetime.  
• Seven different cutting geometries optimally adapted to the different diameter and cutting depths leads to high performance cutting results.  
• Ideal for drilling of all mild steels up to 750 N.

Heating

Industrial Infrared Diesel Heater

Versatile and compact diesel-fuelled Infrared technology heater has no electric fan, meaning there is no air movement and the heat is spread evenly in all directions, quietly and dust-free. Ideal for use in well-ventilated indoor areas including garages, workshops, warehouses and marquees. Extremely inexpensive to run, using only around 1L of fuel per hour. Clean burn and precisely controlled fuel supply, ensure that no unpleasant odours or carbon monoxide enter the air. Equipped with advanced safety features including overheat protection, auto-misfire, tilt, shock, low fuel shut-off sensors and flame-out fuel cut. Features 24hr timer and temperature control thermostat. Soft-touch control panel with LED display. Fitted with four castor wheels for easy manoeuvrability.
