230V Belt and Disc Sander, 370W
Model No. 98420

This highly robust compact belt and disc sander with a cast iron base is powered by a 370W induction motor. The 100mm sanding belt can be positioned horizontally or vertically. There is a fast-tracking knob to adjust the front wheel of the sander and a quick release belt tensioning lever. The belts can be changed quickly and easily. The 150mm diameter disc is provided with its own worktable and adjustable mitre gauge. The disc worktable is made from diecast aluminium and can pivot from 0-45 degrees for accurate angle sanding. To help keep workspaces clean and safe, there is a built-in dust extraction port. For safety, there is a no-volt release magnetic switch. The machine is designed and manufactured for sanding wood and similar materials and should not be used to abrade or grind metal. Supplied with sanding belt and disc.

- 1 x 230V Belt and Disc Sander, 370W
- Power: 370W
- No load speed (disc): 2980rpm
- Belt speed: 7.35m/s
- Belt size: 100 x 914mm
- Disc diameter: 150mm
- Disc table size: 230 x 160mm
- Tilt: Disc 0-45 (Belt 0-90)
- Dimensions: 483 x 356 x 292mm
- Weight: 16.5kg

Air Compressor Belt Drive 3hp with Cast Cylinders

- Air Displacement: 15cfm(425L/min).
- Maximum Free Air Delivery: 10.9cfm(309L/min).
- Maximum Pressure: 145psi(10bar).
- Top-of-the-range single phase 150L compressor suitable for the professional workshop and fitted with a genuine 3hp motor.
- Twin capacitors and a centrifugal switch aid trouble-free starting on a good 13A supply.
- However on this model we recommend fitting a 16A plug and connecting to a 20A supply protected by a type C circuit breaker for easier start-up.
- Pump features heavy-duty full cast cylinders, capped by an alloy head for improved heat dissipation and long-life.
- Heavy-duty drive guard protects belt and flywheel that is designed to force air over the pump to aid cooling.
- Supplied with full CE certification, test certificates and operating/maintenance manual.
- This item is heavy. Extra assistance must be provided at the delivery point to help its safe delivery.

Oscillating Wall Mounted Fan with Remote Control, 16", 3 Speed
Model No. 70975

- This remote controlled 400mm oscillating wall mounted fan is an ideal addition to any home or workplace. It has three-speed settings (low, medium and high) and oscillates to circulate the cooled air around the room, and it has an adjustable 90-degree tilt to further direct the airflow where it is most needed. There are three fan modes (normal, natural and sleep). In sleep mode this fan can be set to turn-off automatically using the built-in timer, which can be adjusted in 30-minute segments up to a maximum of 7.5 hours. The infra-red remote control enables the simple selection of the speed, fan mode and timer. Three bladed design for maximum efficiency, protected by a metal safety guard. The wall mounted design is a great space-saver when floor or desk space is limited. The remote control requires 2 x AAA batteries – available separately.

- A robust boltless heavy-duty hand loaded shelving system.
- Its design allows for quick assembly without the need for any special tools as the components are precision manufactured, so are simply knocked into place with a soft-faced mallet.
- Suitable for a wide range of applications in the office, workshop, warehouse and home.
- Heavy duty shelves have a capacity of 265Kg.
- All the shelving system options consist of powder coated blue uprights, galvanised frame and ties, 5 chipboard shelves and black plastic feet.
- TC4 bin size: L350 x W205 x H132MM for shelving kits with bins.
